What is Life Alert Canada?

Life Alert Canada is a personal emergency response company. We offer monitoring services, medical equipment, high quality help and support to our customers and reasonable prices.

Life Alert Canada was founded in XXXX and we have been taking care of our clients since.

At Life Alert, we offer a reliable, intuitive and responsive service that takes care of your unique needs, privacy and safety.

Our aim is to bridge our experience and your needs to give you a personalized, professional and caring service for you and your loved ones.

We are constantly working to improve our services and innovate the way we work.

How does Life Alert Canada work?

Our technicians install the security device of your choice and need in your home. From that moment, we supervise your safety.

In case of an emergency, you will immediately get a response from our dispatcher.

Our dispatcher will instantly send help. We will call your family and stay with you on the line until your help arrives.

We take care of your safety. We support your independence. We are alert.

What is a Life Alert device?

Life Alert device is a small electrical device simple to use. It has a button that connects you directly to our dispatch centre.

Life Alert device is practical if phone is out of reach. With Life Alert device, our dispatch centre is always at your reach.
